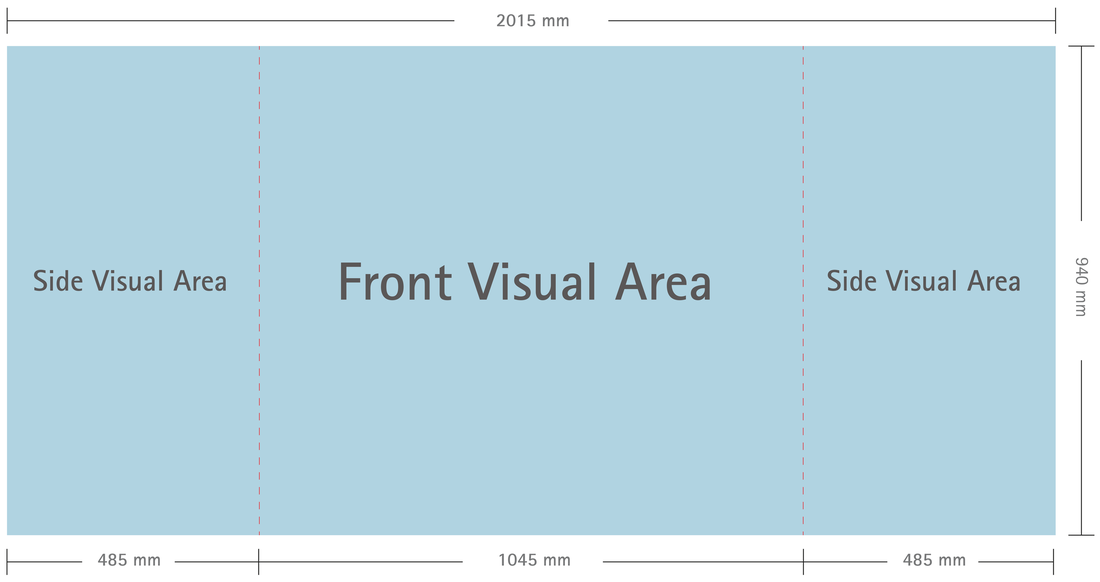
PORTABLE COUNTER



DESIGN DETAILS

Visual Area

Model
Promotion Counter

Size
2015 mm x 940 mm

Total Estimated Weight
19 kg

Format: PDF or High Resolution JPEG

* Please ensure artwork is set up at 1:1 scale with a minimum 150 DPI
* If you request a colour match service, please supply us a high resolution PDF.

Font: All text must be outlined

Colour code: CMYK

QUICK TIP

Kwik Kopy recommends that artwork should continue from the top bleed to the bottom bleed (the image should not stop at the boundaries between the visual area and bleed). The artwork should be supplied as ONE SINGLE FILE. Try to place important text and images on the middle section as the other section will be wrapped around the back of the counter.
