**Great product but lack of communication**

11/02/2020

The stamps I ordered are great, but there was a delay in the size requested even though I was informed it was a standard size. There was no communication regarding this and my follow up calls did not receive responses for some time. Overall happy as this was rectified eventually.

**Prompt Service, needs attention to detail**

9/10/2018

I placed an order using the online Zenith hub ordering system, which is so straight forward and easy to use it makes ordering new labels a breeze. The order arrived promptly and had not been damaged in transit, however, there was one problem the total number of labels was 14 short, i had ordered 315 only 301 arrived and an additional 13 of those had significant colour run and could not be used. Given that i order on an as needed basis, this is a significant problem. I notified Kwik Kopy via email of the problem however have not hear back, this could however be because my email went to the Spam folder as that sometimes happens, so they may not be aware.
