Kwik Kopy Bondi Junction

A quality, efficient and cost effective service

14/01/2020

Having used the services of Kwik Kopy before I didn't hesitate to use them again. The service representative was very helpful in explaining the types of stock that would best suit my needs and the various options around quantities etc. He opened the file and confirmed all was good to proceed. With a new business, I was keen to get the printed products as soon as possible and Kwik Kopy Bondi Junction made this happen. They contacted me as soon as the brochures were ready and I was thrilled with the result. I will also be working with Kwik Kopy on my future design requirements such as bulk letter printing and new business folders that they suggested they could assist me with. I highly recommend their services.

Exemplary service - went above & beyond

11/12/2018

As a brief summary Unbelievably good service - Hands down the best service by a business I've had in 2018! I have (& I shall continue to) give recommendations to others that Kwik Kopy Bondi Junction is a great business (David Leong in particular), who goes the extra mile, to do whatever they possibly can to complete a "surprise project" without notice or pre-emptive warning. (Unfortunately, the above is typical of my Mum & her last minute way of doing business!). However, I often work on very large Projects as the Project Director. We have huge printing requirements. Literally thousands of Drawings & Reports are a standard weekly requirement. David couldn't have known this - however, as a result of the outstanding service & performance of David & his team - I will be looking to engage him on my next major project for printing services. The type of service I get from other printing offices - is appalling in comparison.

Dave Magick - Project Director

Great service, accomidating staff, affordable

12/09/2018

I visited Kwik Copy Bondi Junction in August with a complex contract which required two copies and three soft copies saved onto USB memory sticks. The contract had a number of double sided colour sections with approximately 45 sections and numerous subsections. In addition the contract had a number of A3 coloured Architectural, landscape and Services drawings some double side and upside down. The staff was very accommodating by sorting and purchasing all the folders, dividers and USB memory sticks. They also spent the time to assist me in sorting out which documents could be copied in black and white so as to save on cost. The entire experience from star to finish was made easy and I have nothing but positive things to say about Kwik Coy Bondi Junction. In summary I would use them again with confidence thank you.

Fast and easy

21/02/2017

Quickly printed some laminated cards at short notice and advised on a quicker finish to meet the deadline. Much friendlier than the other place I rang (Office Works) Only issue is I'd suggest a new system for getting emails over the phone that's not writing them down, as mine is simple but they got it wrong which delayed the process. E.g. perhaps get people to fill out a form to request a quote, or just repeat back email verbally to verify. Otherwise everything went smoothly.
