Quite responsive!

13/12/2019

I had events coming up and as usual get last minute requests for printing. I contacted Kwik Kopy Central City about this & the people I worked with were really good in quoting, printing from what files I had, and discussing where the printing needed to go. When someone was away, another stepped in to help move the project along. The only thing that wasn't perfect was the collating (it was collated when I didn't want it to be) but that was easy to fix. Will definitely use KK again for my printing requirements.

Efficient and quality products

10/07/2019

I had to do several last minute projects last month and needed many items delivered the following day and one of the staff members managed to help me get quotes, finalised artwork and everything else complete super efficiently! When the products arrived, they were of good quality and my managers were happy with the results. Pricing is also economical which is why we always choose Kwik Kopy over any other print company. I did have a lot of questions though and the staff member couldn't answer all of them and seemed a little confused with some of the questions I was asking. Perhaps more training could be put in place for knowledge on product/material etc.? And what it can and can't be placed e.g. if the product was sticky, could I put it on certain surfaces or not? Wear and tear? Longevity of product if it was in certain weather conditions? Also, staff members should answer the phones with a greeting, Kwik Kopy [location], and their name. I didn't like having to keep questioning if it was the same staff member I'd called last time. Other than that, the gentleman who assisted me was very good and I'll always go back directly to him for help!

Ivy2319 - Sales & Marketing Coordinator

Great quality products and service, fast delivery

10/07/2019

I've been using Kwik Kopy for my office and project needs. They are so quick to deliver and I'm able to even ship some products to client events on the date order was made.
