★★★★★ Best Service for Business Cards

14/08/2019

I was put in charge of sourcing a place to get business cards printed for the company I work for. The Kwik Kopy representative was easily reachable through phone and email and was very pleasant to speak to. He was very informative and specific about his recommendations for dimensions, file type, time frame etc. Even though I made some typos on the first print, the rep was very kind and helped me get the new ones printed seamlessly. The turn-around from quote to cards-in-hand was only 2 days. Very impressed with the quality and would order from KK Clarence St without hesitation.

14/08/2018

Kwik Kopy has been our printing service provider for a number of years now. My office is in fact quite far away from Kwik Kopy Clarence St but I think the walk is worth it. The service and the level of attention I have been receiving from them has been more than just excellent. I often face the situation where something need to be printed in a very short turnaround time and Kwik Kopy never disappoint me. I have dealt with 3-4 people there and they are all super nice and very helpful. They always assure me via emails about the progress of work so I always sure that they will deliver on time. In short I will recommend their services to anyone who needs high quality, tailored and fast service with reasonable price. :) WELL DONE KWIK KOPY CLARENCE STREET!!!

Quick to respond, local and competitively priced!

28/03/2018

I love how easy it is to work with the team! Thank you for giving me frequent updates with where my print orders are at in the process along with ETAs, so I can communicate that to my business to set expectations with timelines. I appreciate the face to face visits where you show us options of pull up banners, business cards and other print collateral to our office. If anything unexpected happens along the way which acts as a road block, Kwik Kopy are quick to find a solution and put me at ease. On top of that, their prices are also hard to beat! The biggest selling point for me is having you available to call anytime with questions, and being just around the corner from you, so anything that needs to be viewed in person for approval can easily be done. This puts you before our usual printing company who is based further away. Thank you for all your help and great service. Looking forward to the next order with you!

2/08/2017

Constantly having Business cards for different office sent to the head office after I have specifically stated what office they need to be sent to via email and phone. Rapid turnaround of business cards (printing)

7/06/2017

We had left the production of one of our manager's business cards till the last minute. As he was travelling overseas in two days' time, we were worried his new business cards would not be ready in time.
