28/12/2017

Kwik Kopy - Managing Director

Non standardised size

16/12/2017

Really helpful and very patient with my endless changes! Very few printers will work with these odd sizes!

Mont

Good quick printing but often make errors

14/12/2017

The guys are always willing and able to work to our tight deadlines and the printing quality is great considering however what we often find lacking is the attention to detail. Wrong specs, things get missed, wrong quantities, dodgy trimming are things we've had problems with... Numerous times we've had to ask for jobs to get re-printed (which they're always happy to do) but would be much less stressful to get it done right the first time. Hoping that the new year brings less errors to an otherwise good service!

Kat_ - Senior Designer

I'll be back!

1/11/2017

No matter what I'm looking for, the team are always responsive to the request and go out of their way to ensure we achieve the best result.

★★★★★ **Great Service, Quick Quote**

21/07/2017

Got a quote very quickly, with a very few options at various price ranges. I picked one, and was kept up to date with how long it would take. Got the cards posted to me the same day they were finished.

Matt212 - Director

★★★★☆ **Friendly and good service**

21/06/2017

I have found my interactions with Kwik Kopy easy. There have only been two challenges - once I came to pick up my printing (which I had arranged to do over the phone) and it had been sent with other printing to my company. That would have been awesome if I hadn't walked to the store to collect it myself. Other than that I was overcharged and given a credit note.

Gboyle

★★★★★ **Ricky and the team are brilliant**

19/06/2017

We really appreciate how professional, kind and accomodating Ricky and the team are - working to tight deadlines and creating really great output for us consistently. Ricky is always so helpful and a real asset to the business

PHDmedia - Receptionist And Office Assistant

★★★★☆ **High quality business cards**

7/06/2017

Great business cards. The staff were very helpful by emailing me a photo of what the card would look like once it was printed. I then had a look, made any necessary changes and then they re sent it to me to confirm before being printed. This was great as I knew exactly what I was getting. They arrived quite fast too. Only suggestion would be an app or link to track the progress of the order so you can see exact delivery time. Otherwise, very happy!

Prompt and Friendly Service

7/06/2017

I visited the shop last month to print a few architectural plans and even though there was a sign saying there were no walk-ins allowed, they helped me to the best of their ability. I had to sign up for a company account but that took only a few minutes to set up and I could leave my job with them straight away. The receptionist was friendly and professional and even offered to deliver the documents if they would happen to be near my work. Overall very pleased and would recommend.

Ming - Graduate Architect

Reliable, quick service!

7/06/2017

I called Kwik Kopy in a last minute attempt to get some certificates printed, and requested they be delivered by midday the next day. Not only did the team manage to quickly get them in on time, but the service over the phone was excellent. Very helpful and understanding.

Kwik Kopy Darling Harbour customer - Digital Marketing Coordinator

Good bunch of people. Great product

7/06/2017

I see Kwik Kopy as a service product based on convenience. Just like any convenience purchase I like to be kept in the loop. I feel some kind of status tracker would be a huge value add for me. Similar to that of parcel tracking, or even pizza delivery people who use the Kwik Kopy service are generally on a deadline and not knowing the status of their job causes stress. Simple updates "proof sent" "job in production" "ink drying" etc etc would be an awesome value add.

Brodie - Senior Account Manager
