**Nothing was too much trouble**

12/11/2018

I suddenly got roped into printing a whole bunch of stuff for a conference we were running... and had under a week to sort it out. I first panicked, as I didn't have a clue who to call or where to start... (how on earth do you print lanyards????)I tried one or two places and panicked even more (one place suggested I lay out each lanyard by hand with the delegates names!) and then walked into my local printers and had the joy to meet Tom and the team, over in North Sydney. Nothing was too much trouble for them. It was a relief to know that last-minute turnarounds were their speciality. The quality of the final product well exceeded my expectations - and it was all done with a smile and true graciousness. Thank you Tom and the Miller Street Kwik Kopy team for saving the day and helping to create a really successful, professional-looking conference.

**Exceptional service**

8/12/2016

I have been using Kwik Kopy for the last month for various sized printing jobs (500-5000 copies of training manuals). Thank you Rob and Daniel at North Sydney for making my job easier by having my print job ready when I need it (even when I am unable to provide much lead time) and keeping me informed throughout the day when to expect delivery of printing supplies. I appreciate the efficient professional service I always receive and Rob coming down to the office to personally deliver the printing job.

**Incredible**

8/12/2016

I needed a super quick turnaround on a one off, 50 odd page brochure. It was before an initial pitch discussion with a potential partner. It was 4.45pm when this idea arose, and we needed it ready to collect at 9am. I was absolutely blown away by the team's service, letting me promptly know they could do it, how much, when they needed final go ahead from me on quantity, and checking of artwork. It was incredibly smooth, paid over the phone in advance of arriving, and delivered by hand to me in the cab on the way to the meeting. Nothing short of blown away. Thank you. (Oh, and the print quality and brochure compilation was also awesome!). So impressed.

**Supply of digital rental contract**

2/08/2016

I presented Kwik Kopy with our rental contracts printed on a pad of paper with the customer details to be handwritten prior to signature. This was cumbersome and unprofessional. The team at Kwik Kopy created a digital version looking exactly the same as the manual version, however I can now type in the details with drop downs and radio bullets so that I can now email it to my client pre-populated for a no nonsense, easy to complete professional form.
