**Fast, accurate and very reasonable prices**

10/09/2018

I have found Kwik Kopy Neutral Bay to be a very professional outfit and nice people aswel. I have had a great deal of foreign language materials done by them and they do it at competitive prices, high quality, without fuss. They also have done quite unusual design work for me in the past for my educational work in teaching medical students and post-graduate doctors and again they did an excellent job. Most recently, I had a poem mounted onto canvas with a water mark background and re-shaded in sepia colouring and they did it beyond my expectations. If I want something done well, quickly and at a reasonable price I go to them. I imagine their high end design work will cost more but I also know it would be done well. I have been going their for around 6 years. I expect I will be going there in another six years. Professor Kenneth Nunn
