**Excellent service!**

10/07/2018

I phoned the Perth CBD branch at 4 in the arvo before a critical client workshop with a request for 4 A0 poster printouts, asking them for a quote and how long it would take. I was pleasantly surprised to learn I could have them by 4:45, and delivered if needs be! The staff member (Matt) provided solid advice on how the quality of paper would differ due to the fast printing and what that may mean for the end product. After a few minutes of discussion I was happy that he had provided me upfront, honest advice tailored to providing me with the posters ASAP instead of not listening and insisting on something that may delay the timeframe. The poster quality was fantastic (even at the cheapest option) and was tightly sealed in a waterproof case. I was even unable to pay by Diners Club and they were happy for me to arrange another solution so I wasn't personally out of pocket and out of posters! The staff were also lovely, especially as I was there early in the morning. Kwik Kopy in Perth CBD is an excellent place to go to get solid advice that's tailored towards your printing needs and will be using them again.

*Busy - Consultant*

★★★★★ **Friendly, helpful staff, flexible with print jobs!** 30/10/2017

I googled printing companies that were located within walking distance to our head office. Came across Kwik Kopy that was just down the road from us. Dropped in and met with the Sales rep who was friendly, helpful and very knowledgeable of the product range. We have specific printing requirements including small print jobs with fast turnarounds and now many printing companies were able to provide the service that we required. However, Kwik Kopy were extremely flexible and more than happy to meet our requirements. The printing was of a high professional standard at a competitive price. Also, the location of Kwik Kopy meant that we could just drop in to place an urgent order or pick up prints as required. We will be a long term customer of Kwik Kopy and definitely recommend it for all small businesses that may not need huge printing jobs and do not want to have to pay the penalty of ordering small print runs (something that a lot of printing companies in Perth charge).
