★★★★★ **They care about quality!** 13/12/2019

We had a disappointing experience with another printer who sadly did not at all care about quality or customer satisfaction. We were actually approached by the business owner of Kwik Kopy Phillip who was determined to turn our situation around, and that they did whilst being extremely thorough and helpful through the entire experience. Any concerns we had with the product were promptly met with solutions. I think the most important and valuable aspect of a business that people can forget is that even when something goes wrong it can be easily turned around with genuine customer service, people who care about the quality they deliver and Kwik Kopy Phillip were simply a pleasure to deal with. I have since recommended them to not only other businesses but friends who have been just as pleased with the product and service they received.

OwenNewo - Office Manager

We weren't sure how our design would work on a colour wall but for the team at Kwik Kopy Phillip nothing is ever too hard. The final product turned out better than we expected and they had it ready super fast. Poor planning on our part meant that when we went to pick it up it wouldn't fit in the car, but with a quick brainstorm and the swift use of a Stanley knife they came up with a solution and we had our product good as new, wrapped in bubble wrap and ready to go in no time. Thanks team - we never hesitate to come to you with our requests.
